

PARS ENGINEERING INDIA PVT LTD

LETTER OF APPRECIATION

To Whom So Ever It May Concern

Subject: Testimonial for Gas Pipeline Infrastructure Services – Rithika Gas Tech

This is to formally recognize the outstanding performance of **Rithika Gas Tech** in deploying centralized, piped gas networks across our residential developments. They have successfully executed, tested, and handed over fully operational systems at the following premium properties:

1. Project Name : YARA EAST COAST

Throughout our collaboration, their engineering team demonstrated exceptional competence. From the initial planning and pipe-routing stages to the final operational handover, the entire setup was handled with immense precision and care.

The quality of construction is top-tier; every component used in these projects conforms to national safety benchmarks, fully adhering to the rigorous **IS 6044** safety standards.

Furthermore, their proactive customer service and round-the-clock maintenance assistance guarantee a safe and continuous gas supply for our occupants. Their prompt post-handover support is highly commendable.

Given their technical capabilities and dependable delivery, we gladly endorse their services to any organization looking to execute large-scale gas utility projects.

Sincerely,

For Pars Engineering India Pvt Ltd
